### Qualifications/Employment:

At the Art Institute of Orange County:

#### Zoo Adventure Story

Led a team of four to create an interactive website to educate preschoolers. This includes forming the initial research and development of the concept, organizing and setting timed deadlines for certain phases to be met, and heavily influenced the coding and design of the interactive section .

#### GameHunter

Tested and evaluated an ecommerce website. Covering research about competitive video game sellers, full development of the front-end using HTML, CSS, Javascript/Jquery, and the entire back end using PHP and MySQLi. Customers were given full access to create their own log-ins and the website could keep track of all the items bought.

#### Art Institute Kiosk

Worked for a client, Scot Trodick, to create portfolio kiosk for Art Institute graduates. This includes finding branding guidelines and following them. Creating the layout and interaction. Installing a content management system for him to use for updating the projects.

#### United Messenger Service June 2007- Present

Maintain relationships with ticket sellers.

Enter and upload tickets for consumers according to the deadlines.

File and keep track of tickets for the consumer.
